Dear Davorka

Thank-you for the opportunity to show our solidarity and support for all the abused women in the world. We would be honoured to add our voice to the quest for justice for all the abused women in Croatia.

Violence against women and children has increased to a critical level in world history but so has our resistance increases against this unthinkable horror.

Woman Against Rape (WAR) opposes all violence against women and children and supports governments and their policing- and legal system to bring the perpetrators to book despite their power, position or wealth.

Most importantly is that the lives of those who have been abused will be restored so they can continue to function optimally in the work-, family- and social environment.

Rape survivors are encouraged when they know other women care and are walking alongside them on their journey, from victim to victor. *WAR* will not hesitate to support any abused women or children, and this serves as our voice, requesting justice for those who often are too traumatised to speak out.

The Founder, Janine Rowley and the members of Women Against Rape (*WAR*), Kathleen Pistorius, Rae Clerihew, Charlene Stepischnek and Linette Lintvelt are signing our pledge of support to all abused women in Croatia who are in search of justice.
